4.3 billion €

HOW IT ALL GOT STARTED

- JETRO's 'Regional Industry Tie-up' program
- Close collaboration since 2015
- Overlapping thematic areas
 - Regenerative Medicine
 - Orthopedics
 - Imaging Techniques
- Delegation travels between 2015 and 2018
- Companies and research institutions

INTERNATIONAL COOPERATION AS KEY SUCCESS FACTOR

Welcome to KOBE Biomedical Innovation Cluster

A TIE BETWEEN THE REGIONS

- Stem Cell Symposium on “New opportunities for drug discovery with stem cell technologies” in 2019
- Agreement between the cities of Hamburg and Kobe

To summarize:

- JETRO’s „Regional Industry Tie-up“
- Regular meetings and exchanges at international trade fairs and digitally
- Joint research projects between IBRI and Fraunhofer IME ScreeningPort since 2017
