**Machinery, Industrial equipment
and Innovative technologies**

MachTech & InnoTech is a specialized exhibition in the field of industrial machinery and equipment which allows professionals from the sector to establish new business contacts and to learn about the latest developments and market trends in Bulgaria and the region.

The exhibition is the only business forum in the country, during which there are held bilateral business meetings for trade cooperation and technology transfer between Bulgarian and foreign companies in cooperation with Enterprise Europe Network.

MachTech presents companies specialized in trading and production of:

- metal-cutting and metal-processing machines
- machines and tools for surface treatment
- machines for hardening and heat treatment
- welding technology
- laser technologies
- machine engineering
- hydraulic and pneumatic devices and accessories

InnoTech presents new technological solutions in the following fields:

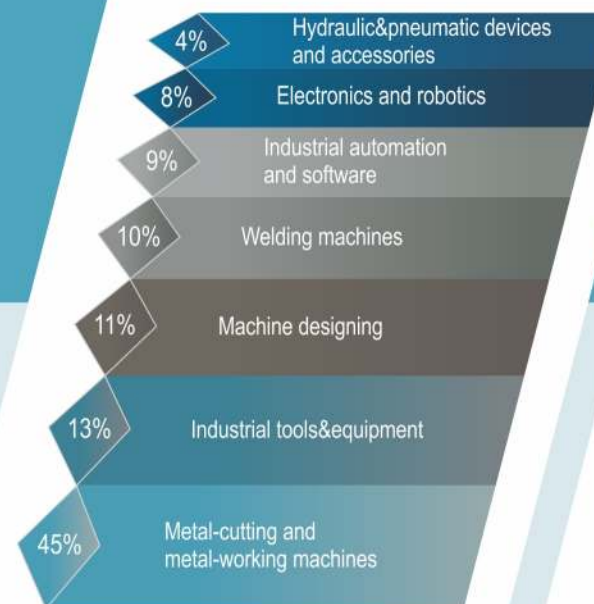

- systems for industrial and building automation
- industrial networks and software
- electronics and robotics
- electric mobility

Attendance in 2015:
3720 visitors, 65 exhibitors
and 120 sub-exhibitors

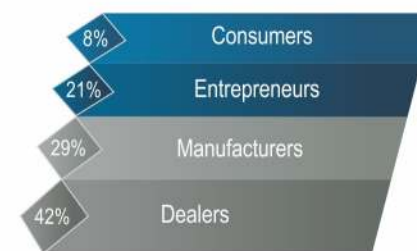

Side- events:

- **Business Forum** - participants - 600 (in 2015 - during the three exhibition days)
- **B2B MatchMaking** - in 2015, within one day only there were held more than 170 meetings between interested companies from the Netherlands, Belgium, Tunisia, Spain, Turkey, Serbia and others.
- **Bulcontrola** - 44th edition
Control and measurement devices, analytical and laboratory equipment, applicable software, electric industry and industrial electrical equipment, monitoring systems, environmental protection
- **Water Sofia** - 10th jubilee edition of Water and Water Management Exhibition
