

# Recommendations to the Leaders of the EU and Japan

---

## Working Party 3 Digital Innovation & Mobility

Working Party Leaders:

Mr. Frédéric SANCHEZ  
Chairman of the Executive  
Board  
Fives Group

Mr. Hidenori FURUTA  
COO, CTO  
Fujitsu Limited

## Digital Innovation

---

- WP-3/# 01\*/ EJ to EJ Cooperation for Global Digital Trade Rule Making
  - Agree on a text facilitating the free flow of data between the EU and Japan
  - Implement the EU-Japan EPA's Regulatory Cooperation framework to facilitate the digital transformation on both sides
  - Develop a high standard for WTO rules on e-commerce
  - Work with industry and like-minded governments to craft a balanced approach to data flows in trade agreements and international frameworks that guarantees a high level of data protection and allows data to flow freely across borders to realise Data Free Flow with Trust

## Digital Innovation

---

- WP-3 / # 02 / EJ to EJ      Deployment of AI
  - Encourage human centric and trusted AI applications through innovative governance which encourages innovation and avoid/reduce negative impacts on society
  - Regulation should only be limited to AI that generates truly serious risks while also ensuring legal stability and predictability.
  - Enhance an open and transparent dialogue
  - Cooperate with international partners to develop common understanding and joint norms of AI to build ecosystems on global scale
- WP-3 / # 05 / EJ to EJ      Creating a Blockchain-friendly Environment
  - Create a blockchain-friendly environment and promote international cooperation

## Mobility

---

- WP-3 / # 10 / EJ to EJ Cooperation Towards Harmonised Deployment of Automated Driving
  - Enhance cooperation to harmonize regulatory frameworks and roadmaps to deploy automated and connected driving in a consistent and synchronized manner
  - Continue to lead efforts to create international standards and interoperability frameworks in the domain of automated and connected driving
